

SECO/WARWICK Webinar: A Braze Furnace for Serious Radiator Job Shops

Thursday, April 26, 2018 • 2:00 PM - 3:00 PM EDT

For job shops who think they can save money by doing their own aluminum brazing, this webinar is for you. The main discussion point will be the flexibility and versatility of a Universal Batch CAB furnace system. Able to quickly switch between varying size loads, this furnace is ideal for nimble radiator/condenser/heat exchanger job shops. Vacuum purging will also be discussed as well as vacuum aluminum brazing.
